Technologies

Multipocket

This item has 5 or more pockets for storing different articles and accessories.

Breathable

This means that the item has been treated with a micro porous membrane that passes humidity from the inside to the layer on top while keeping fluids from the upper layer out. This technology makes sure that transpiration fluids and condensation are easily disposed of while rain and other fluids are kept out. This keeps you dry, but also insulated against the harshest of weather conditions. The

Waterproof

This symbol indicates that an item is waterproof or treated with a water-resistant coating. This means that this item is perfectly suitable for work in a wet or humid environment. The "mm"-indication is a scientific measure that shows how much millimeters of water the fabric can withstand in a hydrostatic test without letting a single drop pass.

"mpv" indication shows you the item's breathability, which is determined by the amount of condensation that the fabric will let pass.

Windproof

This item is windproof and will protect your body completely against windy weather.

Printer zipper

This item has a printer zipper which makes it even easier to personalize with your own design.

Phone pouch

This item has a special compartment for carrying a cellular phone.
